Objective

MCA graduate and Full-Stack Developer passionate about building scalable web applications with React and Node.js. Experienced in designing user-friendly interfaces, integrating APIs, and delivering real-time solutions in live projects.

Education

MCA – Siddaganga Institute of Technology, Tumkur

2025

CGPA: 9.08

BCA – Vidyavahini First Grade College, Tumkur

2023

CGPA: 8.7

Internship Experience

Software Developer Intern – Qream Solutions

Mar-Aug 2025

- Worked on live projects as a Frontend Developer, designing intuitive and responsive UIs.
- Contributed to ERP solutions such as HRMS, Procurement, Inventory, LMS, and CRM systems.
- Integrated REST APIs, collaborated on backend API development, and followed microservice architecture.
- Delivered UI/UX enhancements, improving usability and performance across multiple modules.

Projects

Sahaja Krushi – Agricultural Management Platform

May-Aug 2025

- Digitalized farmers' operations for Tumkur Gram Panchayath with a responsive web and mobile application.
- Implemented role-based access for Super Admin, Admin, and Farmer across the platform.
- Real-time notifications via email/SMS for crop updates, with admin dashboard for responses.
- **Tech:** Node.js, Express.js, MySQL, Sequelize, JWT, React.js, React Native, Redux Toolkit, Tailwind CSS.
- **Live Links:**
 - Web App: <https://sahaja-krushi-frontend.onrender.com/auth/login>
 - Mobile App: <https://sahaja-krushi-mobile.onrender.com/>

E-Grievance System – Civic Bridge

Nov-Dec 2024

- Portal for rural citizens to register complaints; Admin assigns agents and tracks resolution.
- Escalation and feedback system ensures timely issue resolution.
- Agents and public interact through text messages for updates and responses.
- **Tech:** HTML, CSS, React, JavaScript, Node.js, MongoDB
- **Live Link:** <https://civic-bridge-prajwalssite.netlify.app/>

Smart Learning Management System

May-Aug 2025

- Trainers create courses and certifications and assign them to different employees.
- Employees take assessments; results are automatically calculated based on percentage.
- Employees receive certificates upon successful completion; feedback can be provided by both trainers and employees.
- Email notifications are sent when a trainer assigns a course, assessment, or certificate.
- **Tech:** React, Tailwind CSS, Redux Toolkit, Node.js, Express.js, SQL, Figma

Technical Skills

- **Languages:** Core Java, JavaScript, TypeScript
- **Frontend:** HTML, CSS, Tailwind CSS, React.js
- **Backend:** Node.js, Express.js
- **Database:** SQL , MongoDB
- **Tools:** Git, Figma, VS Code, Postman

Certifications

- Programming in Java – NPTEL (2025)
- Full Stack Development Bootcamp – Udemy
- MERN Stack Certification – FacePrep (2024)
